Introduction

The Institute provides an opportunity for Suzuki students to receive lessons, individually and in groups, providing motivation and reinforcement for their normal study at home; for parents to see the Suzuki approach on a grand scale and to learn further skills to help their children; for teachers and advanced students to begin learning to teach according to the Suzuki philosophy; and for current Suzuki teachers to expand their skills.

Dates

- Student classes run 4th-8th June (Mon - Fri)
- Violin book 2 teacher training starts on June 4th (Mon) and runs through June 8th (Fri)
- Cello Overview of Book One teacher training starts on June 4th (Mon) and runs through June 8th (Fri)

Location

St. John's United Methodist Church,
1801 O'Malley Road
Anchorage, AK 99507.

What to bring

Be sure to bring music books, lesson notebook, recordings and audio equipment. Bring lunches to be eaten quietly during performances at the beginning of the lunch break.

Chamber ensemble students will need their music and a folding stand. Cellists need to bring rock-stops or other endpin holders and their own bench if not using a full-sized chair. Guitar students will need to bring footstools and stools if a full size chair is too big.

Childcare

Childcare **cannot** be provided by SASA due to liability issues. Students are not allowed in any classrooms without an adult. Please supervise your children at all times. Damage done to pianos or other equipment at this Institute will result in the increase of tuition for future Institutes. Students under the age of 12 must be accompanied by an adult in master classes, and to and from other classes. Twinkler parents are required to attend both master class and group class with their student.

Scholarships

SASA is offering scholarships to offset institute attendance costs based on ability and need. Application forms and details are available on the SASA website at <http://www.alaskasuzuki.org/institute.htm> or you may contact the registrar (see back page) for more information. Application deadline is Mar 15th.

The Suzuki Curriculum

Enrollment is open to violin, viola, cello, guitar, and piano students who have studied Suzuki literature with a Suzuki-trained teacher. Students under the age of 12 must be accompanied by a supervising adult. Non-Suzuki music students are welcome to enroll in enrichment classes if space is available. Priority placement will be given to Suzuki students and siblings. Six periods per day are available for core curriculum and enrichment classes. The basic tuition includes these three core classes: Master class, Group Class Repertoire, and a third elective class (except for string Twinklers, see "Violin Twinklers" below).

Master Class is a lesson with 3 to 4 students at about the same level. Each student is expected to perform a polished piece at the first session of the master class. (A polished piece must be performed fluently from memory with correct notes, fingering, dynamics, bowing and style.) Attendance for the full period is required to observe lessons of the other students in the class. A parent or an alternate responsible adult is required to attend the master class with the student to observe the lesson and take notes. This person is responsible for monitoring the student's recommended practice before the next master class. Students in Book 4 and up have an extra master class on Monday between 1-4 pm. Siblings may also come if they can watch or play quietly without disrupting the lessons.

Group String incorporates activities and games to enhance performance skills and to work on the repertoire for the final concert (strings). Students should be able to play previously studied repertoire from memory.

Third Core Class

Our third core class this year will be a musically related elective. Each student will be asked to select at least two preferences from dance, fiddling, choir, orff, music for littles or chimes if available.

Violin and Viola Twinklers

Twinkler classes are offered for violin and viola students who have begun to play but have not yet mastered the Twinkles. Twinkler students will have three classes per day: a master class, technique class and Music for Littles. If the Twinkler is older than age 6, another enrichment may be substituted for Music for Littles. A responsible adult is required to attend Twinkler classes with the child.

Enrichment Courses

Each student may enroll in up to two enrichment courses of their choice in addition to their core classes. Due to the intensity of the program, it is recommended that young children limit their enrichment classes to one. A complete list of enrichment courses with descriptions follows. Adding a third enrichment class may be possible once scheduling is completed.

ACTIVITIES

Parent Activities

Parents are required to attend instrument master classes and Twinkler groups with their children. They are also encouraged to observe other classes.

In addition to assisting their children during the week and observing teachers, parents can attend a daily lecture given by one of the visiting teachers. Lectures will be presented dealing with philosophy, motivation, practicing, and other issues of interest to parents and other teachers.

Teen activities

Teenage students (12 & older) may participate in social activities during free time. Some fees may be required; these will be collected at the first meeting. Please indicate interest on the registration form.

PERFORMANCES

There will be daily free concerts at noon in the auditorium space.

Tuesday and Wednesday will be showcases of Suzuki graduates or other professionals from the Anchorage community performing classical and other genres of music

The **Faculty Recital** will be Thursday at 12 pm.

Most Enrichment classes (except Chamber Music) may perform during the Friday lunch concert (this is optional for each class).

The **strings concert (Play down) and all Chamber Ensembles** will perform Friday, beginning 4:45 pm in the auditorium.

Chamber Music

For students who are working toward independent musicianship. Students must have advanced reading skills and be able to work independently. Teacher recommendation is required. Placement in this class will depend upon instrumentation needs. Students must be registered no later than March 25th to be placed in the class. Suzuki string students must be in Book 5 or above; Suzuki piano students must be in Book 6 or above. Non-Suzuki students must be able to play at an equivalent level. In April, pieces will be chosen and groups formed. Requests for group members and specific music will be considered. Students are expected to practice their parts individually before the Institute, prior to working with their Institute ensemble groups. Chamber Music groups have an extra session on Monday, before regular classes begin and will perform in the final concert.
